# Advanced Fundamentals of Collaborative Delivery

## Open Enrollment In-Person Training Tacoma, Washington

Join the WCDA and its sponsors for an advanced education session focusing on collaborative delivery best practices and how your GC/CM and progressive design-build may differ from your fixed-price design-build and traditional project delivery experience.

**Who Should Attend?** Agency leaders, project managers, engineering, construction management, and procurement with some collaborative delivery experience will all benefit from this session. Practitioners are welcome, too!
