

Better Projects, Together.

Advanced Fundamentals of Collaborative Delivery

Open Enrollment In-Person Training Tacoma, Washington

Join the WCDA and its sponsors for an advanced education session focusing on collaborative delivery best practices and how your GC/CM and progressive design-build may differ from your fixed-price design-build and traditional project delivery experience.

Who Should Attend? Agency leaders, project managers, engineering, construction management, and procurement with some collaborative delivery experience will all benefit from this session. Practitioners are welcome, too!
