## COLLABORATIVE PROJECT DELIVERY IN THE TEXAS WATER MARKET

SAN ANTONIO Jan 21 | 8a - 5p

ROUND ROCK Jan 22 | 8a - 5p

As water infrastructure evolves, project owners are turning to collaborative delivery methods like Design-Build and Progressive Design-Build (PDB) for greater efficiency, cost control, and risk management. Unlike traditional approaches, these methods engage all stakeholders early for better alignment and outcomes.

This seminar series offers in-depth sessions based on the latest **Water and Wastewater Collaborative Delivery Handbook** and **DBIA best practices**.

### HIGHLIGHTS:

- Collaborative Delivery Overview
- Collaborative Delivery Methods
- Procurement Fundamentals
- Market Trends in Water/Wastewater Collaboration

• Texas Legislation Discussion
