

Fundamentals of Collaborative Delivery for Owners

One-Day In-Person Training
Tampa, Florida

Join the WCDA and its host for a full-day session on the fundamentals of collaborative delivery projects, based on the *Water and Wastewater Collaborative Delivery Handbook*, 6th edition.

Who Should Attend? Public utility leaders, engineers, project managers, procurement professionals, and O&M staff who have an interest in learning the fundamentals and implementation of collaborative delivery projects, with a focus on construction management at-risk (CMAR) and progressive design-build (PDB). This course features a broad overview of collaborative delivery terminology and best practices for identifying, procuring, and delivering projects. *No previous experience necessary.* **Attendance at this course is limited to public agency employees.**
