

# Fundamentals of Collaborative Delivery

One-Day In-Person Training

New England Regional Session  
Manchester, New Hampshire

Join the WCDA and its sponsors for a full-day session on the fundamentals of collaborative delivery projects, based on the *Water and Wastewater Collaborative Delivery Handbook*, 6th edition.

**Who Should Attend?** Public utility leaders; engineers; project managers; procurement professionals; and O&M staff who have an interest in learning the fundamentals and implementation of collaborative delivery projects, with a focus on construction management at-risk and progressive design-build. This course features a broad overview of collaborative delivery terminology and best practices for identifying, procuring, and delivering projects. No previous experience necessary. *Attendance at this course is open to public agency employees and practitioners.*
