Fundamentals of Collaborative Delivery

By Invitation Only for Owners
One-Day In-Person Training
Sacramento, CA

Join the WCDA and its sponsors for a full-day session on the fundamentals of collaborative delivery projects, based on the *Water and Wastewater Collaborative Delivery Handbook*, 6th edition.

Who Should Attend? Public agency leaders, engineers, project managers, and procurement professionals who have an interest in learning the fundamentals of collaborative delivery projects, with a focus on construction management at-risk and progressive design-build. This course features a broad overview of collaborative delivery terminology and best practices for identifying, procuring, and delivering projects. No previous experience necessary.

Attendance at this course is limited to invited participants. Contact Nicole England at Teichert for invitation information: nengland@teichert.com.
