

Fundamentals of Collaborative Delivery

Open Enrollment
One-Day In-Person Training
Manteca, CA

Join WCDA and its sponsors for a full-day session on the fundamentals of collaborative delivery projects, based on the *Water and Wastewater Collaborative Delivery Handbook*, 6th edition.

Who Should Attend? Public utility leaders; engineers; project managers; procurement professionals; and O&M staff who have an interest in learning the fundamentals and implementation of collaborative delivery projects. This course features a broad overview of collaborative delivery terminology and best practices for identifying, procuring, and delivering projects, followed by a preview into the implementation of two-phase delivery methods such as CMAR and progressive design-build. No previous experience necessary.

Attendance at this course is open to all public agency employees, with limited additional space for practitioners.
